REDEYEZACK

FOR PROMOTERS & VENUES

Booking live music is a gamble.

You need an act who **shows up prepared**, sounds as good live as on record, and leaves your audience talking about the night — not an unknown quantity that might fall flat. RedEyeZack has spent a 10-month World Seeding Tour road-testing his sound in front of demanding, diverse crowds in five countries across three continents. Wherever he plays, he delivers.

1. **Road-tested, not untested.** Festival stages, coastal bars and intimate venues across India, Morocco, Turkey, Italy and the UK.

2. **A genuinely different sound.** Hypnotic guitar, poetic songwriting and Eastern influence — not another covers act.

3. **Flexible for any booking.** Solo, duo, trio or full band; 45–90 minute sets; simple tech requirements.

REDEYEZACK

SINGER · SONGWRITER · GUITARIST

RedEyeZack — real name Zack Qureshi — is a UK-based singer-songwriter whose guitar-driven indie-folk carries a genuinely international, road-earned character. What began as busking on the streets of London, taken on as a challenge to break years of stage fright, grew into a musical journey through Barcelona, Istanbul and India, where his songwriting took on a more evocative, philosophical tone.

That journey continues today as **redeyezack & friends** — a transnational live project moving between festival stages, coastal scenes and intimate venues across India, Morocco, Turkey, Italy and the UK. His collaborations with traditional and ethnic instrumentalists and percussionists have helped shape a sound that bridges cultures: poetic, soulful, and built to connect with any audience, anywhere.
